## DETAILS FOR PRESENTERS – CONCURRENT SESSION

- There are 5 oral presentations scheduled in your session.
- Each presentation will be allotted **15 minutes**, with an additional 5 minutes for questions and answers.
- Your oral presentation has been selected as part of our concurrent session that will be taking place from 10:15am-12pm
- An overview of the conference schedule can be found on the WCRG website.

Important logistics for the conference day:

- Speakers are asked to bring a jump drive/usb key with their presentation, in powerpoint format (ppt or pptx extension).
- Save presentation files using the last name of the presenting author as the file name followed by 'WCRG Conference'. Ex. "Presenter Name\_WCRG Conference.ppt".
- We will be using a PC and therefore ask Mac users to test their presentation on a PC beforehand.
- Presenters need to bring their powerpoint presentations to the technician in the scheduled seminar room before the conference begins or during the 10am break for loading onto the computer.
